Note that these are the raw scores out of 10 for each sub-criteria, which are then weighted to produce the criteria scores and final overall score (see Results Explainer)

## NOTES

- New retailer operating less than 12 months. Likely that scores will improve as retailer establishes itself in the market and develops green offerings.
- "Pure" retailer with no generation assets

## METHODOLOGY COMMENTS

- People Energy does not own generation assets, and is therefore assigned average intensity of NEM.
- People Energy does not produce formal reports (such as Annual Reports/Sustainability reports) and therefore was not scored on type of sustainability reports.
